

AGGRESSOR MX NEW! For many years the name MirroCraft has been well known among musky fishermen ... in fact we produced a model called the "Musky" and it was an industry leader. Well for our 60th Anniversary in 2016 we are heading back to that heritage and are extremely proud to introduce the Aggressor 17' MX series. This high performance series includes features that will surely please the most avid musky and large pike fishermen: Huge 9' center rod lockers will handle your largest rods, a 50" reviving live well is standard, as is a second bait well / live well. Two Lakewood tackle systems will keep your big lures organized and handy, and large fishing decks fore and aft give you plenty of elbow room and huge storage areas. Available in three models, the Aggressor MX is worth checking out.
